NATURAL AREAS ASSOCIATION

April 2019
Volume 39, Number 2

Natural Areas Journal

Table of Contents

140 **Editorial from Eric Menges**

Research Note 142 **Human Habitat Selection: Using Tools from Wildlife Ecology to Predict Recreation in Natural Landscapes**
Benjamin P. Pauli, Emily R. Sun, Zoe K. Tinkle, Jennifer S. Forbey, Kathryn E. Demps, and Julie A. Heath

Research Article 150 **Development of Monitoring Techniques for Endangered Spring Endemic Invertebrates: An Assessment of Abundance**
William P. Johnson, Matthew J. Butler, Jeffrey I. Sanchez, and Brandon E. Wadlington

Research Article 169 **Using Long-Term Population Monitoring Data to Prioritize Conservation Action among Rare Plant Species**
Holly L. Bernardo, Pati Vitt, Rachel Goad, Susanne Masi, and Tiffany M. Knight

Research Note 182 **Differential Resistance to Tree Species Loss between Two Dominant Communities in a Resilient Southeastern Landscape**
Jonathan P. Evans, Callie A. Oldfield, and J. Leighton Reid

Research Article 189 **Burn Severity and Post-Fire Erosion Control Affect Post-Fire Woody Plant Recruitment**
Emily M. Booth, Greg Creacy, and Norma L. Fowler

Research Article 197 **Changes in Tree Canopy, Understory Vegetation, and Fuel Composition after 10 Years of Restoration Management in an Old-Growth Mountain Longleaf Pine Forest**
Martin Cipollini, Patrick Felch, N. Royce Dingley, and Chandler Maddox

Research Article 212 **Lichens and Allied Fungi Added to the List of Rare Species Inhabiting the Carden Alvar Natural Area, Ontario**
Richard Troy McMullin

Research Article 226 **Historical Fire Regimes in Red Pine Forests of the Adirondack Mountains, New York, USA**
Erin R. Abadir, Joseph M. Marschall, Daniel C. Dey, and Michael C. Stambaugh

Research Article 237 **The Effect of Past Forestry Activity on Mediterranean Sessile Oak Forests on the NE Iberian Peninsula**
Jordi Bou and Lluís Vilar

Research Article 250 **Fire Regime Alteration in Natural Areas Underscores the Need to Restore a Key Ecological Process**
Michelle Coppoletta, Hugh D. Safford, Becky L. Estes, Marc D. Meyer, Shana E. Gross, Kyle E. Merriam, Ramona J. Butz, and Nicole A. Molinari

Research Article 264 **Legacies of Past Land Use on the Southern Cumberland Plateau**
Ken Smith, Lily Tidwell, Sarah Sherwood, Scott Pokswinski, and Kevin Hiers
